HEAVY LIFTING EQUIPMENT

FOOD & PHARMACEUTICAL

PROCESSING PLANTS

TAN DELTA BUSINESS BENEFITS

- ▶ Live molecular-level oil condition monitoring in a fixed location
- ▶ Increased oil change intervals reducing oil usage by up to 50%
- ▶ Advance warning of potential equipment failure
- ▶ Proven technology in specific Bioenergy (biogas plant) environments
- ▶ Helps hit your ESG targets

TAN DELTA OIL CONDITION MONITORING

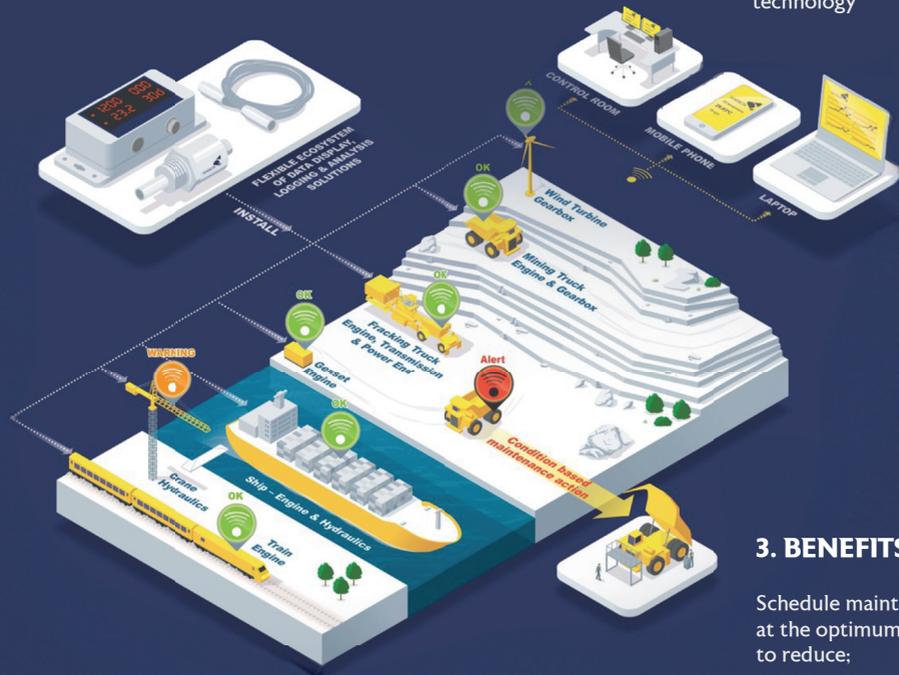

1. SIMPLE

Tan Delta delivers robust monitoring solutions that enable easy integration of real-time oil condition monitoring, on any equipment in any commercial or industrial environment.

2. CONTINUOUS REAL-TIME MONITORING

Tan Delta deliver fully networked monitoring solutions with easy web access to data, or for integration with any existing telematics system.

- ▶ Unrivalled accuracy
- ▶ Trend oil from new to end of life
- ▶ Unmatched sensitivity
- ▶ Industry leading Full Spectrum Holistic™ technology

3. BENEFITS

Schedule maintenance at the optimum point to reduce:

- ▶ Equipment failure
- ▶ Maintenance downtime
- ▶ Oil wastage
- ▶ Oil sampling costs
- ▶ Oil replacement costs
